PRINTING METHODS

INK TYPES		Conventional offset	UV-cured offset	Dry offset	Water based flexography	UV-cured flexopgraphy	LED-UV flexoraphy	Conventional screen printing	UV-cured screen printing	Letterpress	Intaglio/ Calcography
UV-fluorescent	Single wavelength	X	X	X	X	X	X	X	X	X	
	Double wavelength	X									
Infrared fluorescent		X	X	X	X	X	X	X	X	X	
Phosphorescent	Conventional	X	X			X	X		X		
	Security	X	X			X	X		X		
Photocromatic		X	X		X	X	X		X		
Thermochromic	Invisible to colour & colour to invisible	X	X			X	X		X		
	Colour to colour & three colours	X	X		X	X					
Watermark		X									
Coin/Metal-reactive	Transparent	X									
	Opaque	X									
Erasable		X									
Bleach-reactive		X									
Numbering	With or without fluorescence	X									
Magnetic	Low coercivity	X									
Conductives		X									
IR Visible/Invisible		X									
Desensitising		X									
Irisdiscent					X	X	X		X		
Irionew					X	X	X	X	X		
Newchrom (OVI)					X	X	X	X	X		
Intaglio	Paper/cloth cleaning										X
	Aqueous cleaning										X
